

THE WINNERS CREED

I know that I have the ability to achieve my definite purpose in life; therefore, I demand of myself persistent, continuous action towards its attainment, and I here and now promise to render such action.

I fully realize that no wealth or position can long endure, unless built upon truth and justice; therefore, I will engage in no transaction, which does not benefit all whom it, effects.

I am succeeding by attracting to myself the forces I wish to use and the cooperation of other people. I induce others to serve me because of my willingness to serve others.

I eliminate hatred, envy, jealousy, selfishness, cynicism anger and fear by having true love for all humanity, because I know that a negative attitude towards others can never bring me success.

I cause others to believe in me, because I believe in them and in myself.

This is my creed, this is my quest.

To never stop striving for the top, to always keep moving forward, to always be the very best I can be.

I am the power. I am the magic. I can not be stopped. I am a winner.

I promise to always be true to myself, because I am the creator and master of my universe, and am responsible for making a positive difference in the world and to the quality of life in it.

I live in constant and never-ending improvement!
